

Polytechnic and Basic  
Sciences School  
presents MSc programs

Live  
May 26, 2020  
9.00 | 18.00

## ARCHITECTURE

9.00 | 13.00

Architecture-Architectural Design  
Design for the built environment   
Territorial urban landscape and environmental planning

## SCIENCES

9.00 | 13.00

Biological sciences  
Biology  
Biology and ecology of the marine environment  
and sustainable use of marine resources   
Biology of aquatic productions and  
environments  
Chemical sciences  
Computer science  
Data science   
Geology and applied geology  
Mathematical engineering   
Mathematics  
Molecular and industrial biotechnology    
Natural sciences  
Physics  
Sciences and technologies of  
industrial chemistry

## ENGINEERING

13.30 | 18.00

Aerospace engineering  
Automation engineering and robotics  
Autonomous vehicle engineering   
Biomedical engineering  
Building engineering  
Chemical engineering    
Communications and Digital  
Media Engineering  
Computer engineering  
Computer science  
Data science   
Electrical engineering  
Electronic engineering  
Environmental and land engineering  
Hydraulic and transport systems engineering  
Industrial bioengineering   
Management engineering  
Materials engineering  
Mathematical engineering   
Mechanical engineering for design  
and production  
Mechanical engineering for energy  
and environment  
Naval engineering  
Structural and geotechnical engineering  

The detailed program and further  
information can be found on the website
