One day in the forest, a fire broke out. All the animals ran for their lives. They stood at the edge of the blaze, looking at the flames in terror and sadness.

Up above their heads, a hummingbird was flying back and forth to the fire, over and over again.

The bigger animals asked the hummingbird what she was doing. "I am flying to the lake to get water to help put out the fire."

The animals laughed at her and said, "You can't put out this fire!"

The hummingbird replied, "I'm doing what I can".
