Subject: new ONLINE application system TU Delft Aerospace Engineering exchange students

Dear Colleague,

Our **NEW** online exchange application system is live now and we are looking forward to receive your students' applications!

Your students can find all the information relevant to their exchange and the application procedure here: www.tudelft.nl/exchange and www.tudelft.nl/index.php?id=6755

Deadline for submitting applications: **April 1st 2016** (study periods commencing at the beginning of our academic year (15th August, 2016).

Attached you can also find our information leaflet for incoming exchange students 2016-2017.

If you have any questions related to the course programme Aerospace Engineering (attached you find the list of courses in Aerospace Engineering available for exchange students), please contact us at exchange-ae@tudelft.nl.

If you have questions related to the new online exchange application please email your questions to internationaloffice@tudelft.nl

We look forward to receive the applications of your students – Please share the information/links below to show them more about TU Delft Aerospace Engineering!
