

EUROHEALTHNET - INHERIT WORKSHOP, 26th SEPTMBER 2017, BRUSSELS

More than 80 practices that promote environmental sustainability, health, and contribute to health equity in the EU have been brought together in INHERIT's promoting practices database. The INHERIT (INter-sectoral health and Environment Research for Innovation) initiative is stimulating effective policies, practices and innovations that address key environmental stressors of health and the underlying causes of health inequity.

On 26th September a workshop to identify what policy measures are needed to achieve healthy and sustainable lifestyles in Europe in 2040 will be held in Brussels. To register interest in taking part, contact Ingrid Stegeman - Programme Manager at the following email address:
