### Short description

With 13,000 alumni present in all economic sectors, INSA Toulouse, an international, multi-disciplinary, state engineering school, is recognized for the excellence of its five-year engineering education which attracts students of a high academic level and who have obtained excellent results in high school. INSA Toulouse is part of the INSA Group, the largest engineering group in France, and member of the Federal University of Toulouse, one of the oldest universities in Europe.

INSA-Toulouse provides 8 master level engineering specializations, including computer sciences & networks, automatic control & electronics, civil engineering, mathematical and modeling engineering, mechanical engineering, applied physics, chemical engineering and biochemical engineering. Its courses, linked to the latest scientific advances, are supported by the activity of leading-edge research laboratories, backed by large industrial groups, ranging from new materials for aeronautics, environmental sciences to nano-objects. The international dimension is a priority for INSA: mandatory 12 weeks period abroad for all students, 140 agreements worldwide and more than 10 international programs. On campus, one in five students is an international student.
