Academic Information:

Academic Information	·
Study Cycle	Bachelor / Master / Doctoral
English-taught courses Information	We offer courses to exchange students out of our 23 regular study programmes in the fields of <u>Political Science</u> , <u>Communication</u> , <u>Cultural Studies</u> and <u>Sociology</u> (3 + 2 + 4 structure). Course Catalogue: <u>HERE</u> (updated annually by end of June)
	Limitations and Obligations:
	 Students should review available English-taught courses by semester to ensure the nomination for the right semester and to ensure academic recognition. Bachelor students can only register for Bachelor courses, Master students can only register for Master courses, with exceptions possible, subject to availability. Doctoral students' obligations are confirmed on an individual basis.
	 Students can obtain maximum 36 ECTS per semester, no minimum of ECTS credits required.
	Courses at Other Faculties of the University of Ljubljana:
7	 Exchange students must primarily register for courses at the Faculty of Social Sciences. However, they can select up to 2 courses from other faculties of the University of Ljubljana from THIS course catalogue, subject to availability, upon approval. Enrolment for these courses may be denied. Students register for those courses at our International Office and receive the confirmation just prior to the beginning of the semester. Therefore, students are advised to register for those courses only exceptionally and as an additional curriculum.
Term Dates	Academic calendar FDV
National Holidays	National holidays and other work-free days

Grading System	University of Ljubljana grading system
Course Registration	 We conduct mandatory online course registration a few weeks before the semester begins. After the registration is completed, the digital learning agreements are signed. If, for Erasmus+ grant application purposes, your students need the LA signed before, we can issue a provisional LA.
Transcript of Records (ToR)	Transcripts of records can be obtained from the International Office at the end of student's mobility. Students should contact the FDV International Office when all the grades are in the web office MY FDV.
Confirmation of Stay (CoS)	 Arrival and departure dates confirmed by the International Office are based on either the Welcome Day (or language course, if applicable) or the student's actual arrival after the start of the semester. The departure date aligns with the completion of the last physical study obligation, typically the final oral or written exam carried out at the premises of the Faculty (not online submission). Students are required to visit the International Office personally no more than three days before their departure to finalize those arrangements. The semester dates do not necessarily coincide with arrival and departure dates. Please ensure your students are aware of these guidelines well in advance.
