Article 4 – Award Criteria

The selection board shall prepare a ranking list based on the sum of the marks obtained by the candidates in the evaluation areas indicated in Table B.

For each candidate, 30 total points are available as follows:

TABLE B	
AREAS OF EVALUATION	SCORE
Career (Curriculum Vitae, certificate, letter of recommendation, portfolio etc.)	Up to 15 points
Letter of motivation: clarity of exposition, motivation, generality/specificity with respect to course of study, expository ability in English, originality	Up to 8 points

The attached documentation must be legible, in a single pdf format, under penalty of exclusion from the selection.

Art. 5 – Ranking and approval

The scholarship will be awarded to the candidate with the highest score among the candidates in the same Course of Study. In the event of a tie between two or more candidates in the same Course of Study, the candidate younger in age is preferred.

If one of the courses of study listed in Table A registers no applications, the related scholarship will be added to the two ones to be awarded to the course registering the highest number of applications. The selection board, which will be composed of at least one of the Rector's delegates to international relations, the degree courses coordinators, and eventually a Compagnia di San Paolo representative, will rank the list of the eligible candidates for each degree course listed in Article 1.

Once the work is completed, the rankings will be published on the University website and on the International website (<http://www.international.unina.it/>).

This publication has the value of notification, and written communications on the outcome of the competition will be sent only to the winners.

In case of non-acceptance (art.6 of the call) by the scholarship recipients, the ranking list of the eligible candidates for each study course will be scrolled down until all the scholarships being made available for the call are awarded.

The Commission's judgement is final.
